

Advanced Equine Arthroscopy August 18-20, 2022

Day 1

- 12:15 pm *Lunch and Welcome*
- 1:00 pm Lag Screw Fixation of Slab Fractures of the Carpus under Arthroscopic Visualization
- 2:00 pm Carpal Sheath Procedures: Approaches, Techniques, ALSDF Resection and Retinacular Resection
- 2:20 pm Osteochondroma/Physeal Spikes, Radial Head of DDF Tears, ALSDF Tears and Fractures of Accessory Carpal Bone
- 2:50 pm *Break*
- 3:00 pm **Laboratory 1:** Carpal Slab Fracture, Internal Fixation, and Carpal Sheath Wet Lab 1- (9 stations, maximum of 3 participants/station) - (9 stations, maximum of 3 participants/station)
- 5:00 pm *End of Day 1*

Day 2

- 7:30 am *Breakfast*
- 8:00 am Advanced Fetlock, including Internal Fixation of Condylar Fractures, Proximal Phalanx and Sesamoid Fractures
- 9:00 am Arthroscopic Surgery of Interphalangeal Joints
- 9:50 am *Break*
- 10:00 pm **Laboratory 2:** Fetlock Internal Fixation and Distal Interphalangeal Joints (9 stations, maximum of 3 participants/station)
- 12:00 pm *Lunch*
- 1:00 pm Arthroscopic Surgery of Digital Flexor Tendon Sheath
- 1:45 pm Tenoscopic Annular Ligament Desmotomy – The Good and the Bad
- 2:30 pm Navicular Bursoscopy
- 3:00 pm *Break*

Advanced Equine Arthroscopy August 18-20, 2022

- 3:15 pm **Laboratory 3:** Distal Limb Wet Lab (Digital Sheath Tenoscopy, Annular Ligament Desmotomy and Navicular Bursoscopy (9 stations, maximum of 3 participants/station)
- 5:15 pm *End of Day 2*
- Day 3**
- 7:30 am *Breakfast*
- 8:00 am Advanced Hock, Including Lag Screw Fixation of Tarsal Slab Fractures
- 8:30 am Arthroscopic Surgery of Femoropatellar Joints
- 9:30 am *Break*
- 9:45 am Arthroscopic Surgery of Femorotibial Joints
- 10:45 am Arthroscopically Guided Screw Insertion in Subchondral Bone Cysts of Medial Femoral Condyle
- 11:15 am Arthroscopic Surgery of Shoulder and Elbow
- 12:15 pm *Lunch*
- 1:00 pm **Laboratory 4:** Proximal Hind Limb (Stifle and Hock) Wet Lab - (9 stations, maximum of 3 participants/station) - (9 stations, maximum of 3 participants/station)
- 3:30 pm *Break*
- 4:00 pm The Use of Radiofrequency in Arthroscopy
- 4:30 pm Aftercare- Including Medication, Regenerative Therapies, and Stem Cell Therapies
- 5:00 pm *Conclusion of Course*
